

# Trail of Governors Foundation prepares for Gov. Noem's statue unveiling

The year 2025 was another busy year for the Trail of Governors with visitors enjoying the 31 life-size bronze statues of former South Dakota governors. It was the third year of the completed trail with all governors having served South Dakota during prior years on display.

Many visitors followed the trail using brochures available at the Capitol as well as at the Pierre Area Chamber of Commerce Visitor Center and throughout Pierre and Fort Pierre. QR codes featured at each statue allow visitors to scan this via smart phones to access biographies of that governor, either to hear or read.

The trail winds throughout downtown Pierre from the shore of Lake Sharpe, named for Gov. Sharpe, to and through the state's Capitol grounds.

The year 2025 launched planning for a new governor statue unveiling with the resignation of Governor Kristi Noem early in the year and the inauguration of Governor Larry Rhoden.

Gov. Noem accepted the cabinet appointment by President Donald J. Trump to be the United States Secretary of Homeland Security. This led to Lieutenant Governor Rhoden becoming South Dakota's governor and the appointment of Tony Venhuizen as lieutenant governor. Venhuizen is one of the Trail of Governors Foundation's seven board members.

These changes in South Dakota's leadership led to planning and fundraising for the creation of Gov. Noem's statue as the state's 33rd governor. South Dakota artist John Lopez of Lemmon was chosen as the new statue's artist and communication involving him and Gov. Noem continued through most of the year.

Governor Kristi Noem - 33rd Governor of South Dakota

TRAIL OF GOVERNORS FOUNDATION'S  
**2025 ANNUAL REPORT**

## Run With the Govs

The 2025 Run With the Govs event was held on June 14, 2025, starting at the Capitol's front grand staircase and continuing through the 3.5-mile route. Street construction created some route changes from the prior year but did not deter participation with more than 100 runners and walkers.

This eighth Run event was dedicated to South Dakota's eighth governor, Frank K. Byrne. Byrne's statue stands in front of the South Dakota Department of Transportation building on Broadway Avenue.

Top finishers for the Run were Caleb Morris and Gwen Richter, both of Pierre. Those winning in the 12 and under class were Callum Brunner for the males and Lilah Brunner for the females, both also of Pierre.

## Funds Raised

Donations to the foundation during 2025 totaled \$23,925, with \$23,825 to the foundation's general fund and \$100 to the endowment fund. The funds support trail costs such as cleaning and sealing the statues, trail maps and QR code label printing, promotions including website support, unveiling expenses and other such items.

## What's Next?

Plans are underway for the unveiling of Gov. Noem's statue on Friday morning, June 12, 2026. Planning is also ongoing for the next Run With the Govs' event to be held on Saturday morning, June 13, 2026.

The ninth annual Run will be dedicated to South Dakota's ninth governor, Peter Norbeck. His statue is located along Pierre Street in the heart of the capital city's downtown.

Since the Capitol Rotunda will be undergoing restoration projects during the summer of 2026, the unveiling event will be held near Gov. Noem's statue placement, in Hilger's Gulch near the Capitol. Some changes are also in store for the next Run event with Leah Haugen leading the event planning, taking the baton from former Run organizers Ann Schwartz and Tiffany Sanderson.

The coming Run will encourage more walkers and spectators to join in the celebration. The profits generated by this event support the Trail of Governors. Information on the Run and how to register can be found via the Run With the Govs' Facebook page.

*All are encouraged to mark their calendars to be in Pierre on Flag Day weekend 2026 to participate in the unveiling and Run events.*

## Donor Recognition and Opportunities

Donations to the Trail of Governors Foundation are always welcome and appreciated. Many donate in honor of and in memory of family and friends and all donations are memorialized on the foundation's website at [TrailofGovernors.com](http://TrailofGovernors.com) and in the annual report.

Those contributing one-quarter or more of a statue's cost are named on bronze plaques at that statue. The costs for commissioning and casting the life-size bronze statues have risen considerably during the past decade and a half since the project began.
